SHEAMAKES... INNOVATIVE DESIGNS COME TO LIFE

SheaMakes is the division of Shea that brings innovative designs to life through procurement, creation, production and management solutions.

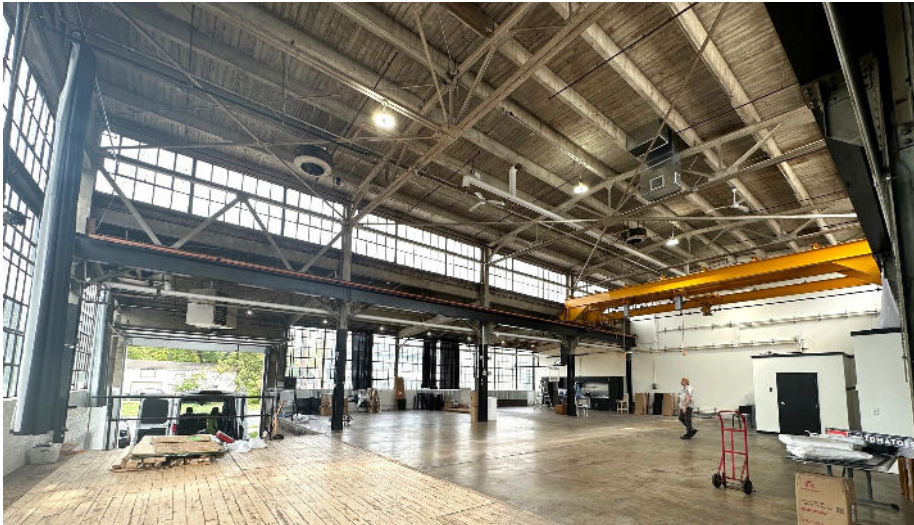

In summary: they Make it happen.

SheaMakes was born from client need and Shea's desire to create one-of-a-kind designs and find a way to efficiently produce them. Over 20 years ago, Shea started growing our production and procurement services by sourcing and inspecting furniture and purchased items. We also produced many unique and custom pieces to avoid losing design intent in the building process. Production and procurement continued to grow, adding new team members, new artisans and new services including warehousing, delivery, installation and site styling.

As the group grew, in mid-2023, we opened a new workshop in NE Minneapolis and rightfully gave the group its own name that clearly describes what they do: SheaMakes. Since then, we've watched thousands of boxes of furniture and décor move in and out of the workshop, and the SheaMakes vans have traveled cross country. We've forged new partnerships and welcomed clients into the workshop to see our artisans in action.

Today, the SheaMakes team continues to make things happen at new levels of value and efficiency including managing timelines and budget to ensure deadlines and business goals are met. SheaMakes leverages wholesale buying power and taps into their vast network of sources and artisans to deliver any design, tailored to every unique client. Their ability to mix and match furniture, décor and custom pieces allows the team to create and manage a package of purchased items that meet the design vision and business goals. 

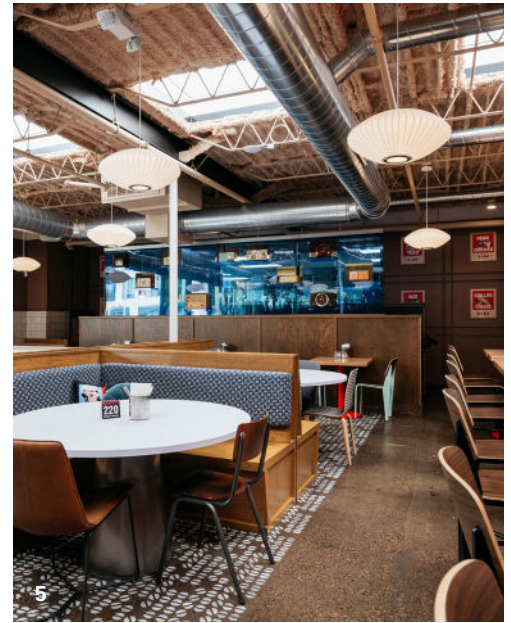

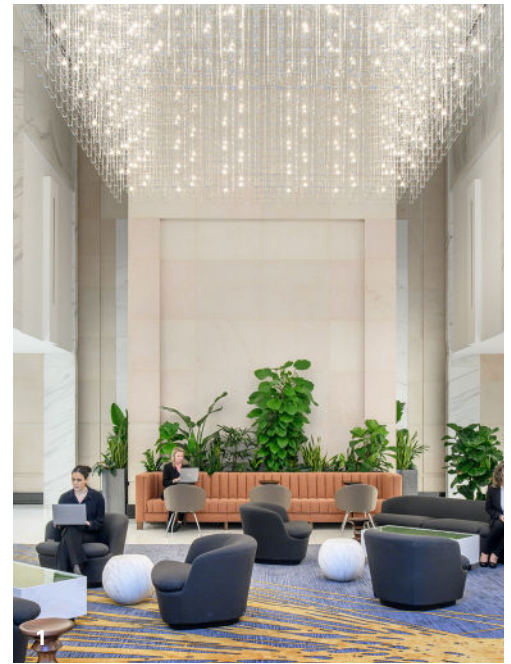

SHEAMAKES... EXPERIENCES COMFORTABLE AND COMPLETE

[FF&E Packages]

A thoughtful mix of furniture adds depth to a design. It's always a balance of comfort, durability, price, availability and style. SheaMakes sources from a long and well-curated list of manufacturers and providers, including many custom produced pieces not found in catalogs, allowing every space to be unique and true to its design.

NORTHERN TAPHOUSE

THE VIBE

Bold and sporty, with a variety of seating heights and styles

THE RESULT

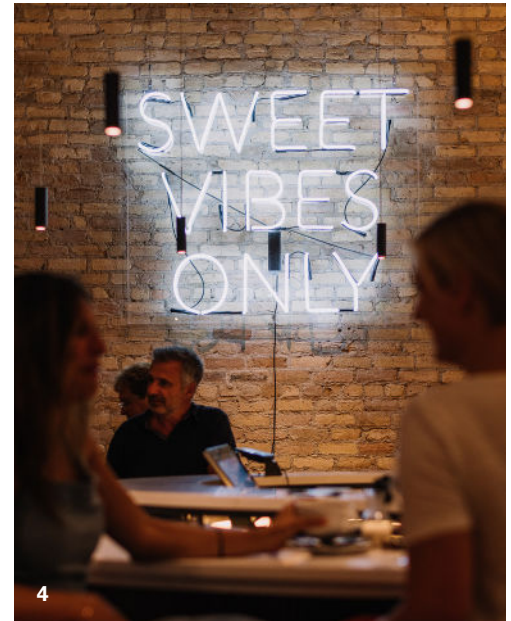

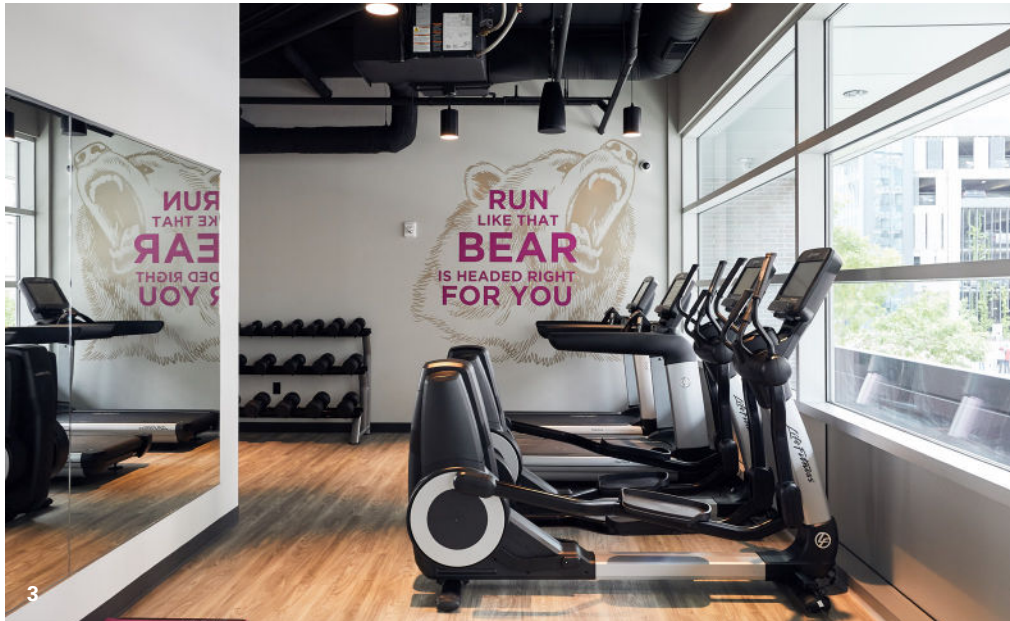

A unique mix of furniture adding to the high-energy design, including custom pieces celebrating the Minnesota sports scene – a baseball card collage community bar table, jersey-backed dining chairs, varsity-letter barstools and cornhole tabletops.

SHEAMAKES... SPACES TELL A STORY

[Signage and Graphics]

Signage and graphics are more than just a sign over the front door, they give brands the ability to tell their stories and build a narrative into their restaurant, store or workspace. From grabbing attention on the exterior to immersing guests into a branded experience and helping the sales process, signage and graphics are key in any space. 

- 1 Bone Marché
- 2 Sidebar at Surdyk's
- 3 Moxy Hotels

LUNDS & BYERLYS APPLE VALLEY

THE VIBE

Experiential and first-class, showcasing values of quality and expertise

THE RESULT

Innovative signage and graphics establishing the Minnesota, family-owned Lunds & Byerlys brand narrative and highlighting their quality foods, products, services and in-store experiences.

SHEAMAKES... IDEAS BECOME REALITY

[Custom Pieces]

Through an extensive network of artists, artisans, makers and manufacturers – including the SheaMakes team itself – we're able to develop one-of-a-kind art, furniture, lighting and fixtures that maintain the intent of the original design. This gives our clients and designers the ability to think beyond the pages of a catalog, creating the best solution for a space.

Interlachen's West Campus underwent a major transformation, now featuring a lodge and restaurant, fieldhouse, tennis pavilion and all kinds of new experiences for members. It was a major, exciting project for Shea and a great example of how SheaMakes brings furniture, art, signage and custom pieces together from procurement and production all the way to installation and site styling.

Watch for Interlachen's West Campus in our next edition of Shea Ink.
